

puts 'Hello Europe'

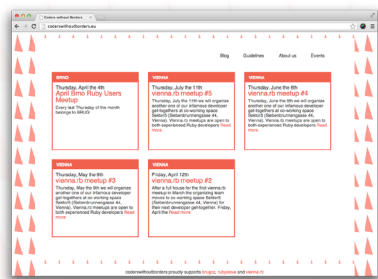

The background of the slide is a repeating pattern of small, red, right-angled triangles. The triangles are arranged in a grid-like fashion, with some pointing up and some pointing down, creating a textured, geometric effect. The color is a muted red or terracotta.

**This is not a technical presentation,
I just want to semi formally launch
coderswithoutborders.eu.**

rubyslava + vienna.rb +

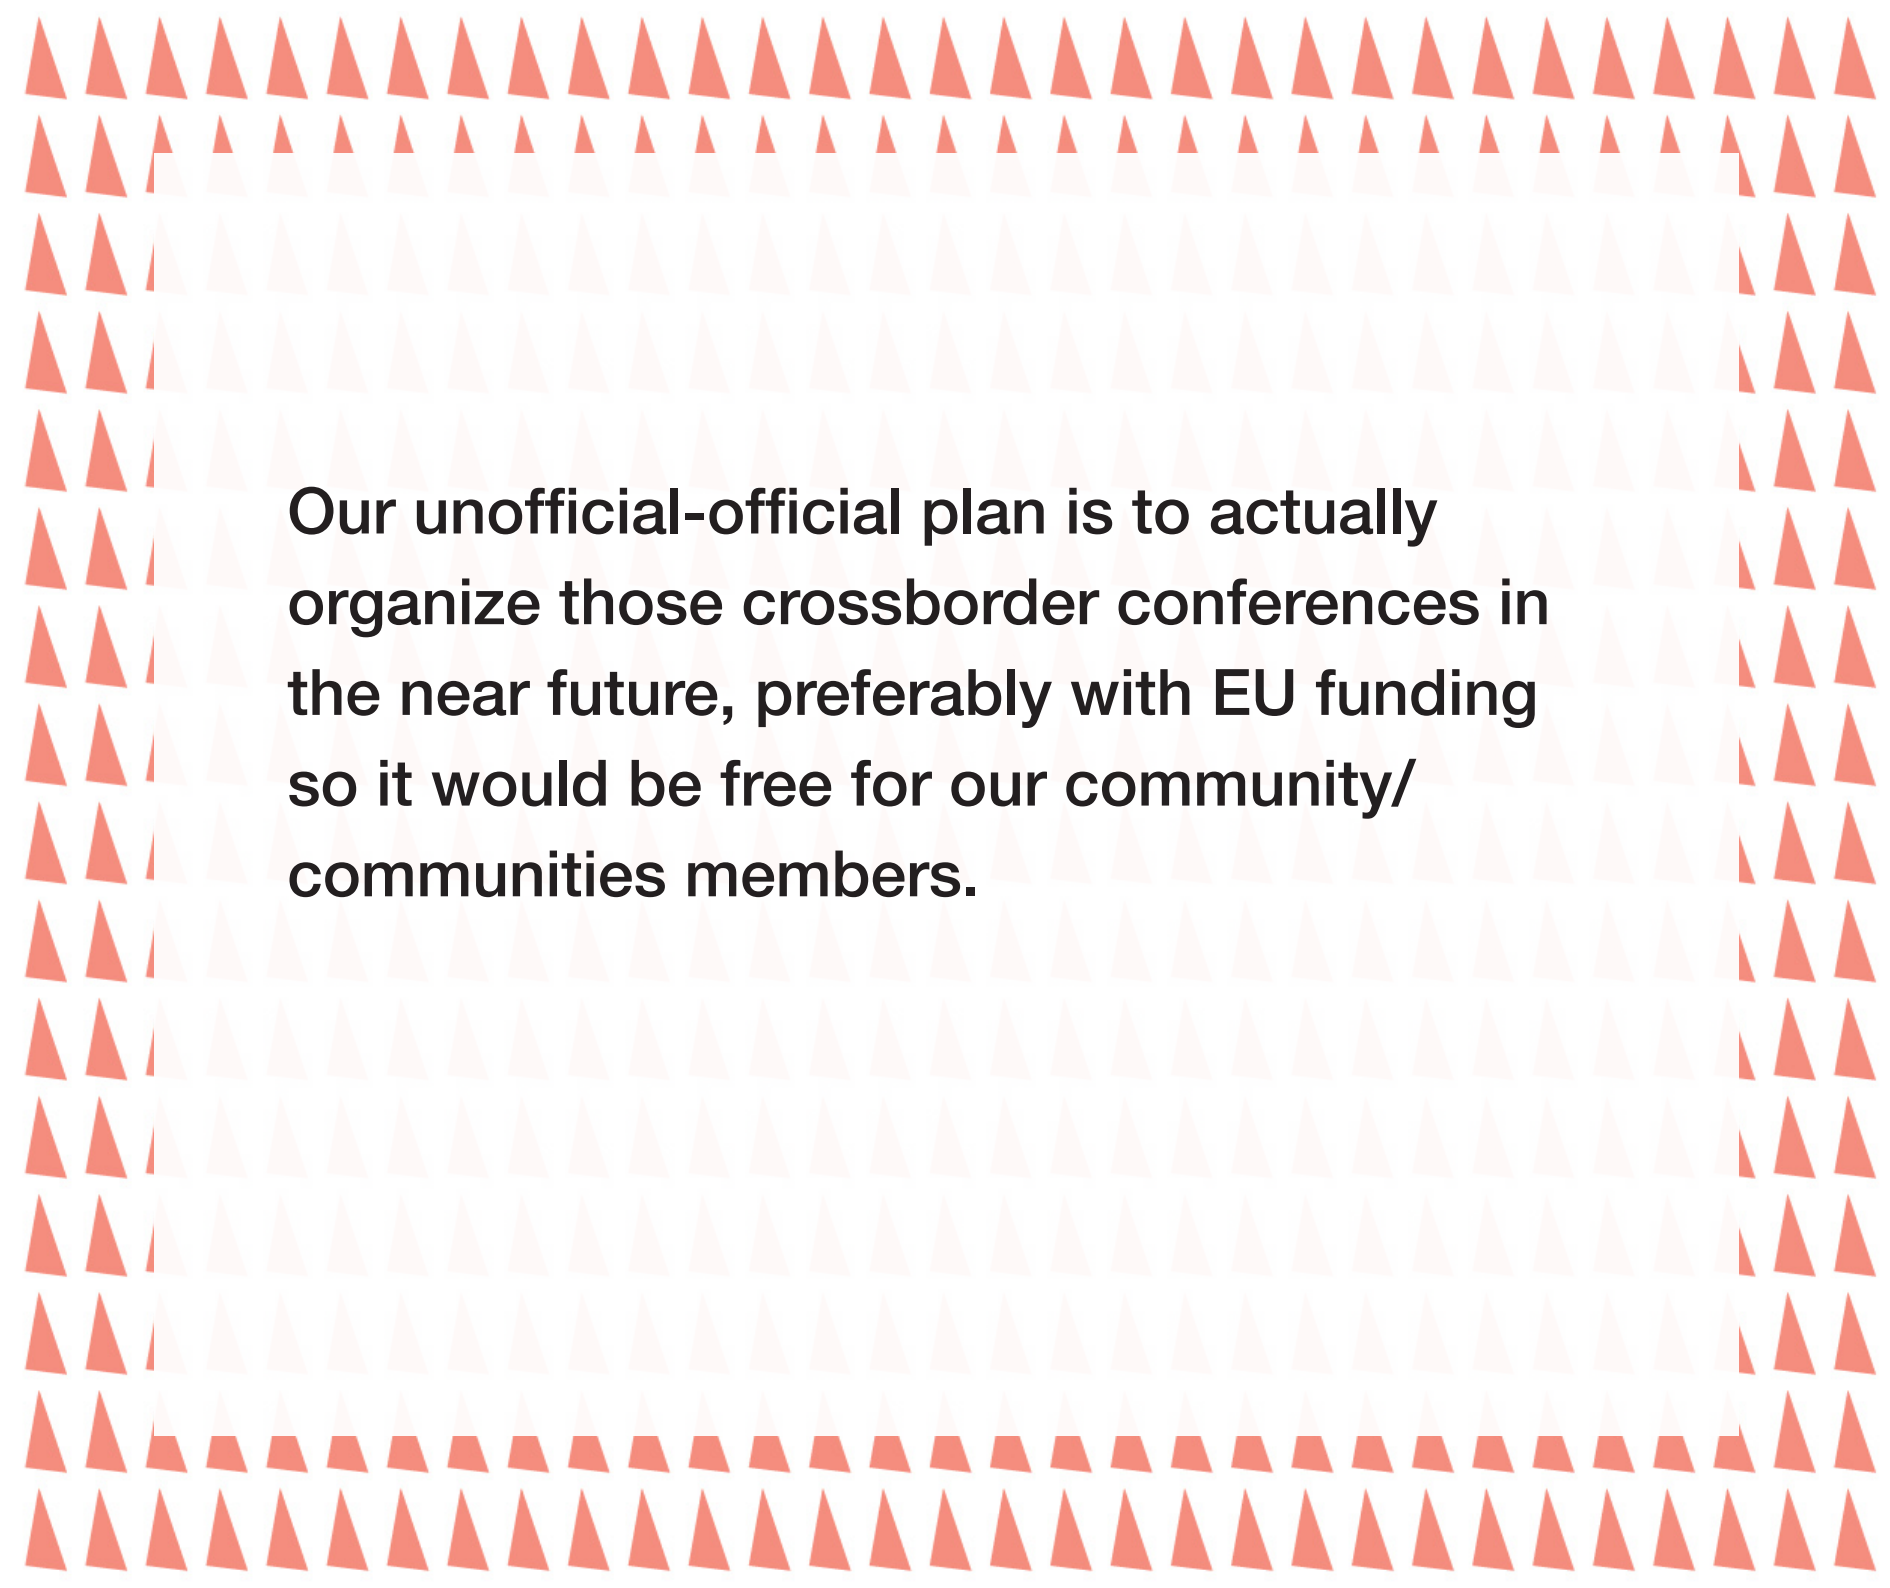

+ @coderswoborders +

With coderswithoutborders.eu we intend to bring together Ruby developers from Austria, the Czech Republic and Slovakia, by listing and promoting developer meetups and encouraging YOU to travel and attend a meetup in a different country every now and then.

The background of the slide is a repeating pattern of small, red, upward-pointing triangles. The triangles are arranged in a grid-like fashion, with some appearing slightly more prominent than others, creating a textured effect.

**Our unofficial-official plan is to actually
organize those crossborder conferences in
the near future, preferably with EU funding
so it would be free for our community/
communities members.**
